Admission Requirements

The determination of school capacity shall be based on the school's academic program, the school's fiscal viability, the educational needs of currently enrolled students, the capacity of the school site and the level of interest shown by students who want to attend the school.

The charter school shall not charge an application fee nor shall it charge tuition. The charter school shall be nonsectarian in its admission and enrollment policies and shall not discriminate against any student on the basis of ethnicity, national origin, gender, or disability.

The Mark West Charter School will actively recruit a diverse student population from the district and surrounding areas who understand and value the school's mission and are committed to the school's instructional and operational philosophy. Admission to the school shall be open to any resident of the State of California. Prospective students and their parents or guardians will be briefed regarding the school's instructional and operational philosophy and will be informed of the school's student-related policies. The school will establish an annual recruiting and admissions cycle, which shall include reasonable time for all of the following: (1) outreach and marketing, (2) orientation sessions for parents and students, (3) an admissions application period, (4) an admissions lottery if necessary, and (5) enrollment. The school may fill vacancies or openings that become available after this process using either a waiting list or any other non-discriminatory process.

In the event that the number of students seeking admission to any grade or class exceeds capacity, the school shall have the right to grant priority in admissions to siblings of current students, children of staff, and residents of the charter-granting district or county. The school may also grant admission preference to school founders, as defined by the school's governing board, provided that students admitted under a founders' preference shall not constitute more than 25 percent of the school's enrollment.

Enrollment in the Mark West Charter School requires the following:

- Parent/Guardian and students will complete and submit Application Questionnaires and Registration forms
- Students and parents must sign an agreement indicating that they understand and are committed to the Mark West Charter School's program, policies, expected outcomes, and philosophy.
- Student Profile must be submitted by the student's current teacher
- Student will take a math readiness test in the spring

Existing students of the Mark West Charter School who have successfully honored the student pledge and policies of MWCS will be guaranteed a placement for the following year.

Mission and Goals

Core Purpose

We are the charter school for those who choose:

- Education through high academics
- An environment that is physically and psychologically safe

Where:

- The gift in every child is recognized and supported
- Young adults are educated to become citizens that make a difference in the world

Mission Statement: Through strong family involvement, community interaction and project-based learning, Mark West Charter School will develop lifelong learners prepared to be innovative participants in the global community. The Mark West Charter School for will create an academically rich curriculum where all students meet rigorous standards by blending a traditional classroom centered program with an independent study program that includes days on campus. Mark West Charter School will offer a traditional classroom based program for grades 7 & 8 and an Independent Home Study program for grades K – 8, which will include a day on campus program and/or electives on campus.

The school is committed to:

- ✓ partnering staff, students, parents and community to create a unique, challenging and individualized learning environment with an accelerated, academically rich curriculum for all students
- ✓ providing a safe, nurturing environment located within district boundaries featuring a small teacher to student ratio
- ✓ developing self-motivated, self-disciplined and socially responsible students
- ✓ applying academic learning to real-life activities through project-oriented programs
- ✓ providing advanced opportunities in science, technology, languages and the arts
- ✓ building programs that foster thinking which is original, critical, collaborative and reflective
- ✓ respecting diversity and the developing student - cognitive, emotional, social and physical
- ✓ offer an educational experience that prepares pupils for successful learning opportunities after middle school
- ✓ Creating a haven where students have the opportunity to build sustained, caring relationships with their teachers, peers and other community members

This mission statement reflects the vision developed by the original Mark West Charter Development Team, reassessed by the Mark West Charter School Renewal Committee, and approved by the Mark West Charter School Board of Directors. This vision identifies three elements critical to developing educated children who are well prepared for the 21st century: strong academics, community interaction and family involvement. The result will be an academically demanding, community-connected program with strong family involvement creating a unique learning community blending the strengths of both students educated full time in the regular classroom and students educated at home. To implement this vision requires eight components that address one or more of these key elements:

- **Standards** – Students excel when standards are high and when academic achievement is valued. All students will be expected to perform at their highest level and to excel in the content areas outlined in the state curriculum standards.
- **Family Participation** – Students understand the importance of learning when they experience their family investing time in supporting that effort. Families will contribute in a variety of significant ways to support both their own children’s efforts to excel and to enhance the learning experiences of all students at the school.
- **Project-based Learning** – Knowledge is best retained when it is used. Students will develop and acquire new skills by participating in interactive projects, hands-on learning activities and field trips into the community. Project oriented programs allow students to learn and apply academics to real-life activities so that knowledge is meaningful, long lasting and effective.
- **Technology** – In today’s society, technology plays a significant role in everyday life and global affairs. Every student will have ready access to technology and will learn to use it for research, analysis, communication, organization and self-expression.
- **Formal Enrichment Activities** -- All students will benefit from regular exposure to a variety of programs such as foreign language, life skills, physical education, music and other fine arts.
- **Community Connection** – Public schools must produce knowledgeable and involved citizens. Students will learn to understand their connection to the community and their responsibilities as members. The curriculum will incorporate service learning projects and community-based, hands-on activities.
- **Diversity** – Citizens of the 21st century need a concrete understanding of the diversity of language and culture in both their immediate community and the world.
- **Personalization** – At Mark West Charter School each student will be well known and valued as an individual with his/her specific needs taken into consideration.

MWCS Student, Parent and Faculty Pledge

It is important that families and schools work together to help students achieve high academic and character standards. The following are agreed upon roles and responsibilities that we as partners will carry out to support student success in school and life. We understand that fulfilling these responsibilities is considered an important way for all of us to support our school.

By signing this pledge, we are each committed to working together for our success. Each of us has an important role to play in order to create a positive and productive learning environment. The extent to which we each do our part determines our success.

Student Pledge

As a student I will:

- Maintain a good attendance record and commit to the academic calendar.
- Effectively utilize all of the time in the school day.
- Bring all the materials I need to work at school.
- Show responsibility and trustworthiness in all that I do.
- Communicate with my parents daily about school so they can be informed and can help me when I need it.
- Commit myself to completing my assignments on time and in a quality manner.
- Treat everyone with respect.
- Participate in service learning projects.
- Use all technology wisely and appropriately.
- Set goals for my learning and my participation in the community.
- Abide by the school rules and conduct myself in a responsible manner.
- *Dream* about the future I want, *learn* with the desire for success, and *achieve* the goals I set for myself.

Parent Pledge

As a parent or guardian I will:

- Demonstrate to my child through my actions and deeds that learning and education are important.
- Commit to the academic calendar and ensure my child's regular school attendance.
- Appreciate that the extended school day provides opportunities for extended learning within the school day and therefore may minimize the need for homework time.
- Uphold expectations set by the school
- Send my child to school with all needed supplies.
- Support and participate in school activities.
- Provide a minimum of 40 hours of volunteer time to the school per family per year or donate \$10/hr in lieu of time.
- Support service learning opportunities.
- Support technology use
- Update myself regularly about my child's progress, and if I have questions or concerns, contact the staff.
- Treat everyone with respect.
- Help my child to develop *dreams* for the future and support the *learning* process needed to *achieve* those dreams.
